

# Welcome to Code Club!

Patrick says – Log in, then Snack, then come back!

# Airyhall School CodeClub Launch!

Homework for the 5<sup>th</sup> March!!!

- Mission Name
- Mission Patch
- What will we launch?
- What will we do up there?

**Submissions on the 5<sup>th</sup> March – the best ideas, we'll go forward with!**

# Today's Activity

## Recap

Week 1 - Sound

Week 2 – Animation

Week 3 – Click interaction

Week 4 – 3D printing/CAD

Week 5 – ChatBot

This week's task is a recap of Scratch to see what you've learned so far!

If you're doing Python, continue with the Turtle Races if you didn't finish it, start on one of the projects, or use the Raspberry Pi and SenseHat.

**Complete the Scratch Task to get 15 minutes free time at the end!!!**

# Today's Activity

Let's see what you've learned!!!!!!

Make a game, with:

- Something to collect, click on, with sprites, animation and sounds!
- A score
- That lasts 30 seconds – count down/up, up to you
- At the end of the game, a sprite who tells you how well you have done
- At the end of the game, a sprite who tells you how well you have done, with a different message if you have a score above XXX points

**Best games we'll put out on  
Twitter/Website!**
