Airyhall School CodeClub Launch!
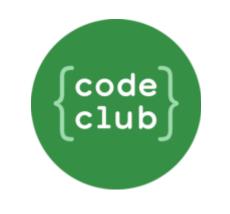

- Mission Name

Stargazer

- Mission Patch   - What will we launch?

Today's Activity
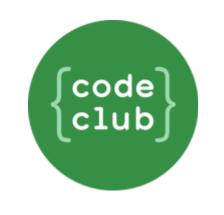

COMPETITION TIME!!!!!!!!!!!!!!!!!!!!!!!!!

We'd love your club to take part in our latest competition exclusively for active Code Clubs.

The challenge is to code a digital collage about your favourite things,
and the deadline is Friday 23 March.

Getting started is easy! Participants should choose one of two Code Club projects, Tech Toys or Stickers, as a starting point. Then they can get creative coding a project about their interests, likes, and hobbies.

Today's Activity

COMPETITION TIME!!!!!!!!!!!!!!!!!!!!!!!

Here are three top tips to help you on your way:

1. **We're looking for fun, original remixes, not super**-complex programs, so you can spend as little as one or two sessions on your entry.

2. All entries must be in by 12 noon on Friday 23 March, and late entries will not be accepted.

3. Your club members can create as many entries as they like, and they are welcome to work individually or in small teams. However, you can only submit one entry per club, so think about how to choose that project.
